You searched for a simple, **all-in-one cybersecurity solution** to protect your business against cyber extortion and regulatory fines which has otherwise been widely unavailable, and unaffordable.

Relentlessly Protecting Your Company and It's Employees

CyberFin delivers by defining what it means to be a Cyber Security Service Provider. It protects it's customers and their employees from cyber crimes and regulation fines by hand-picking the in-house experts, the technology, and the tools to manage it all so you don't have to. All at a fraction of the cost and time it would take to piecemeal or insource it yourself, all so you can get back to what matters most - your business.

Mind the Gaps in your Cyber Protection by adding *layered security by user*

CyberFin Standard Security Service Includes

- 24 x 7 Threat Hunting
 - Security Operations Center (SOC)
 - Security Incident Event Management (SIEM)
- Email Threat Protection with AI
- Web-content Filtering
- Malware Protection
- End-point Threat Protection/Anti-Virus
- Firewall / VPN
- Multi-Factor Authentication
- Mobile Device Management (MDM)
- Information Security Awareness Training
- Reporting

Powered by:

Why say “YES” to simplified cybersecurity?

Multi-Layered Protection: Leaving no gaps uncovered, CyberFin's tools, technology and talent all **work together** to create a fortress around each individual user, your business, it's data, and your clients. Further strengthening your resistance to an attack without relying on just one layer of protection.

Key Benefits Of Relentless Protection

- **Reduces** your threat risks with a single solution for your security and compliance needs
 - **Saves money** by integrating CyberFin rather than hiring a fulltime employee to do the same work
 - **Removes** the worry of 5 and 6 figure fines and 90 days of lost productivity due to a data breach
- ✓ **All-in-one service** combining technology and talent
 - ✓ **Simple** implementation process and billing
 - ✓ **Proactive** monitoring, remediation and mitigation
 - ✓ **Knowledgeable** staff to keep you protected

Client Testimonial

"I have done a lot of research and taken the professional advice of my son who works in cybersecurity, to go with CyberFin solutions. They offer me the maximum protection and minimal time suck, so I can be more productive in my business. CyberFin is offering us an amazing solution to a huge pain point." - *Sandy Sleck - Tree Top Insurance*

It really is that simple!

Our simple, proven process will have you protected in minutes. Each business starts with a Cyber Self-Check where we identify any vulnerabilities or gaps in your cyber security. Once complete, we work with you to identify the CyberFin solutions that will provide the best protection. Onboarding the CyberFin tools takes each user only minutes through our 1:1 session. Immediately following installation, you can rest assured you and your business are protected.
